

Ahmad Hassan Haidar

Junior Software Developer | Web & Mobile Developer

Beirut, Lebanon | ahmadhaidar1819@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

Computer Science graduate with hands-on experience developing full-stack web, mobile, and game applications. Skilled in Vue.js, Nuxt, JavaScript, PHP, MySQL, Java, C#, Dart, Flutter, REST APIs, and modern front-end development. Experienced in CRUD development, database integration, API development, authentication, testing, debugging, and version control. Seeking a Junior Software Developer, Full-Stack Developer, Web Developer, Mobile Developer, or Software Development Internship role.

Technical Skills

Programming: Java, C#, JavaScript, TypeScript, PHP, Dart

Web Development: HTML, CSS, Bootstrap, PHP, Vue.js 3, Nuxt 4, Vue Router, Pinia, REST APIs

Mobile Development: Flutter, Dart, REST API, JSON

Full-Stack / Backend: Nuxt Server API, MySQL, CRUD Operations, REST API Development, Authentication

Game Development: Unity, Unity 2D, C#

Development Tools: Git, GitHub, Visual Studio, Node.js, npm, XAMPP, phpMyAdmin

AI Tools: ChatGPT, Claude, Codex

Authentication & Security: bcrypt, Session-Based Authentication, Protected Routes, Role-Based Access Control

Selected Projects

1) Mobile Application

Dart | Flutter | REST API | JSON | PHP

- Developed a mobile application using **Flutter and Dart**, integrating REST APIs for data exchange and application functionality.
- Handled JSON data and connected the mobile interface with PHP-based backend functionality.
- Applied mobile application development, API integration, testing, and debugging practices.

2) Senior Project – 2D Application

C# | Unity | Unity 2D

- Developed a 2D application using **C# and Unity**, applying programming and software development concepts.
- Implemented application functionality and interactive components within the Unity environment.
- Tested and debugged application features to improve functionality and user experience.

3) Web Development Project II

HTML | CSS | JavaScript | PHP | MySQL | Bootstrap

- Developed a full-stack web project integrating front-end interfaces with PHP and MySQL.
- Built responsive pages using HTML, CSS, JavaScript, and Bootstrap.
- Connected application functionality with a MySQL database for data storage and retrieval.
- Tested and debugged web functionality throughout development.

4) Web Development Project I

HTML | CSS | JavaScript

- Developed a responsive website using HTML, CSS, and JavaScript.
- Implemented page layouts, styling, and interactive front-end functionality.
- Applied fundamental web development and debugging practices.

5) Full-Stack Vue & Nuxt User Management Application

Vue.js 3 | Nuxt 4 | JavaScript | TypeScript | Pinia | MySQL | REST API

- Developed a full-stack user management application using Vue.js, Nuxt, and MySQL with complete CRUD functionality.
- Built reusable components using props, emits, Composition API, computed properties, and composables.
- Implemented Vue Router, Nuxt file-based routing, dynamic routes, and REST API integration
- Implemented registration/login with bcrypt password hashing, encrypted sessions, protected routes, and role-based access control.
- Added search, filtering, form validation, and error handling.

6) Artificial Intelligence Project

- Completed an academic project applying introductory artificial intelligence concepts and problem-solving techniques.

7) Robotics Project

- Participated in a university robotics project involving technical problem-solving, implementation, and team collaboration.

Education

- **Bachelor of Science in Computer Science | Lebanese International University (LIU)**

Graduated: February 6, 2026

Certification

- **Artificial Intelligence Course**

Core Competencies

Software Development • Object-Oriented Programming • Web Development • Mobile Application Development • Front-End Development • Back-End Fundamentals • REST API Integration • Database Integration • Full-Stack Web Development • Vue.js • Nuxt • CRUD Development • REST API Development • API Integration • MySQL Database Integration • Debugging • Version Control • Problem Solving • Team Collaboration

Languages

- **Arabic:** Native • **English:** Fluent
